

Introducing the New Solon Chamber of Commerce Telemedicine Program

In partnership with BOST Benefits, your chamber is proud to announce our new telemedicine program.

Telemedicine is an innovative new healthcare program that gives your employees and their families on-demand, 24/7 access to the quality care they need, when they need it. Our program is offered through Teladoc®, one of the nation's largest telemedicine providers. You can talk to a doctor by phone or through an online video consult to get a diagnosis, treatment options and prescriptions if necessary. Save time and money by avoiding crowded waiting rooms in the doctor's office, urgent care clinic or ER.

Advantages of Telemedicine

- Reduced healthcare costs to you and your employees
- On-demand diagnosis and treatment options with board-certified physician from the comfort of your home or office
- Reduced employee absenteeism
- 10-minute average response time
- No co-pays or deductibles
- Prices as low as \$7.99 per employee. Includes family members

Your Solon Chamber Telemedicine membership provides these added benefits at no additional cost:
